Acting Areas

XPAINT works in the Construction and Engineering sector with a strong specialization in the areas of Rehabilitation Buildings, Maintenance and Paintings, assuming as main challenge the most qualified market.

With an organization model based on autonomous divisions we operate in the following business areas:

- General construction paints
- Decorative painting
- Lacquers
- Restoration / repair of facades
- Industrial and anti-corrosion paints
- Flooring - Self-leveling
- Horizontal signage paints
- Paintings of letterings
- Passive protection against fire
- Technical advice on products or on the application of schemes
- Plastering, Plastering and Plastering
- Exterior Thermal Insulation-ETIC
- Construction Materials

We develop our activities in an integrated, results-oriented manner with special attention to the efficiency of building.
